Dear Ms. Dixon,

I am a mother, grandmother and great grandmother. I am greatly saddened that there is a possibility that nuclear waste would be transported through St. Louis to Nevada. It is my strong belief that all of our children and their children are entitled to live without fear of nuclear waste travelling by their homes!

I am a lifelong Catholic. I was happy to learn that Archbishop Rigali's Commission on Human Rights issued a statement opposing the moving of nuclear waste through our area. The Human Rights Commission is also sending our objections with a statement of appeal to the Department of Energy. I and my family are sending our objections, and it is good to know that our Church is standing with us -

Very sincerely
Patsy G. Pfeffer
